NARRATIVE SECTION:

On January 27, 2010 Traquia Williams was home alone when she decided to leave to visit a family member who lived in the area. She left at approximately 2130 hours and returned at approximately 2202 hours. Traquia advised that she had locked her door prior to leaving and that she left the television on. When she came back home she unlocked the front door and walked inside. Traquia advised that she knew something was wrong when she did not hear the television running. She also observed the bedroom doors opened which she advised had been closed when she left. Traquia then stated that she exited the apartment and contacted her husband, Herschell Williams, who was at work. Herschell advised Deputy Allen that the suspect had removed a Samsung 50" television, a Wii game console, a Sony PlayStation 3, a gold necklace, and a gold bracelet. Herschell also advised me that his wife owned a Jimenez 9mm, serial number 127707, handgun that was stolen as well. The firearm was entered as stolen by Operator Andrews, CCN# 5888, with confirmation 5B141.

While investigating Broward Sheriff's Office case # LL10-01-02431 which happened around the same date and at the same apartment complex, the victim advised me that she believed that someone from the Stickney family was involved in her burglary. I checked that name in the Broward Sheriff's Office pawn database and found that Fredrick Stickney had pawned a Wii game console and a Sony PlayStation 3 on January 28, 2010 at People's Pawnshop, located at 3260 N Sr 7, Lauderdale Lakes, FL. Prior to going to the pawnshop, Herschell advised me that he would be able to identify his items because his dog had chewed on the cables and stripped open the wires in multiple places. I responded with him to the pawnshop at which time he positively identified the items as his due to the chew marks on the cables.

On February 24, 2010 I responded to the Broward Sheriff's Office Main Jail to speak with Fredrick. He was read his Miranda Rights and waived those rights, agreeing to speak to me without an attorney present. Post-Miranda Fredrick advised me that he had not burglarized the residence. He further stated that he had been living in Fort Pierce with his girlfriend and had come down to visit his friend, Jamal Nickerson. Fredrick told me that Jamal was the person that broke into the residence and he knew this because Jamal had told him so. Fredrick further advised that Jamal had shown him some of the property and asked if he knew anyone that would want the items. Fredrick advised that he then made numerous phone calls to see if anyone wanted these items. He told me that he was not able to find anyone to purchase the items so he took them to a pawnshop and pawned them, knowing that they were stolen. He also told me that Jamal had shown him the items the day before he took them to the pawnshop. He stated that he did not remember the exact time he saw the items, but he stated that it was day light out. This shows his inconsistencies as the burglary occurred at night at approximately 2130 hours. The items were pawned the very next day; therefore, it is not possible that he saw the items the day before he pawned them.

I completed a court order for cell towers for Fredrick, his brother Gregory, Jamal, and Fredrick's friend

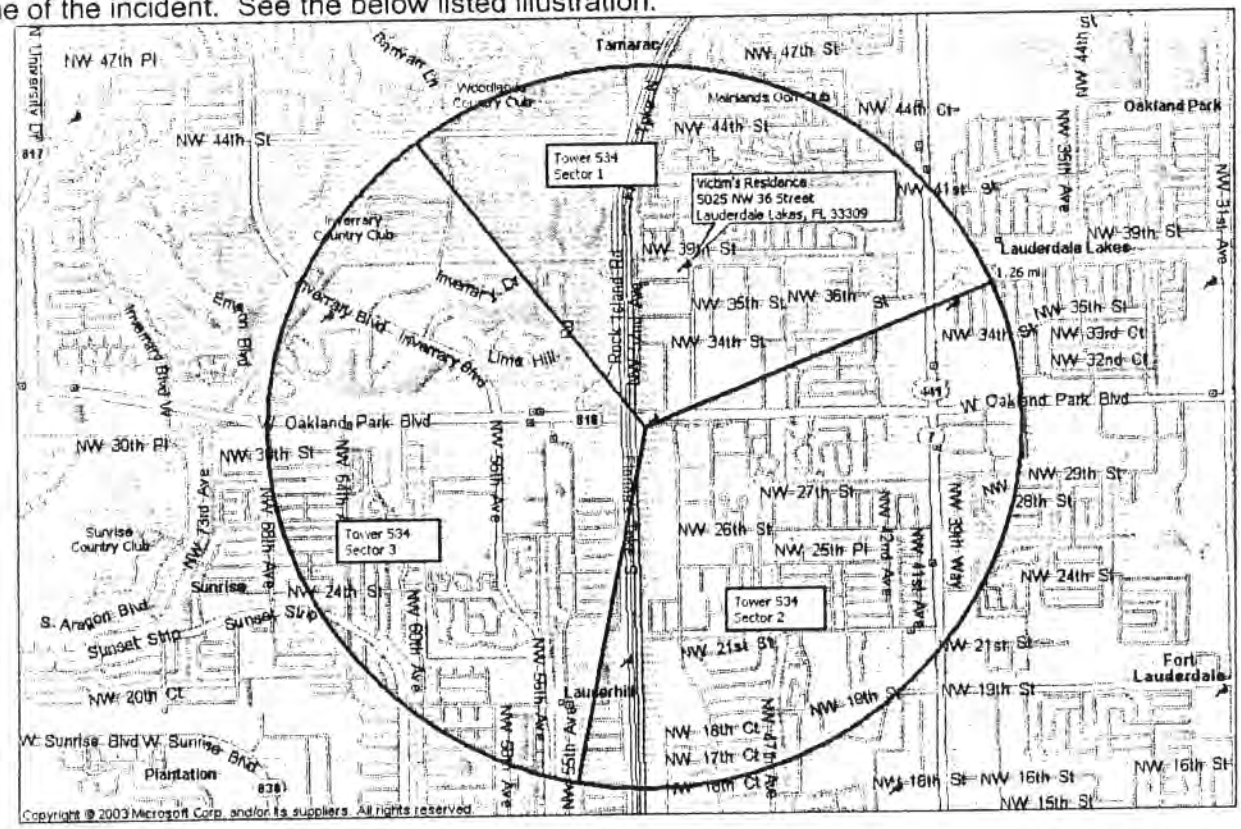
Michael Holmes. Upon receiving the results for this court order, I found that Michael and Fredrick had gone to the pawnshop together. The pawn clerk had advised me that Fredrick had come with another individual. I also found that Gregory, Jamal and Michael were not in the area at the time of the burglary. Fredrick, however, was utilizing MetroPCS tower 534 and sector 1 which provided service to Herschell's residence at the time of the incident. See the below listed illustration.



Fredrick advised me that he knew the items he pawned were stolen and that they came from Herschell's apartment based on what Jamal had told him. Upon speaking with Gregory, he advised me that Fredrick and Jamal do not get along and that is why he is blaming Jamal for the incident. As noted above, their cell phone records provide evidence that Jamal was not present at the time of the burglary, but that Fredrick was. It should also be noted that all calls made by inmates from the Broward County Jail System are recorded and a message is played prior to the call being connected which advises that the call is being recorded and requests that "0" be pressed to consent to the recording. On February 19, 2010 at 18:05:49 hours Fredrick contacted phone number (305) 986-6606. According to Sprint, that phone number belonged

IN THE CIRCUIT COURT OF THE SEVENTEENTH JUDICIAL CIRCUIT
OF FLORIDA, IN AND FOR BROWARD COUNTY

CRIMINAL DIVISION

IN RE: INVESTIGATION
BROWARD COUNTY SHERIFF'S OFFICE

APPLICATION FOR AN ORDER AUTHORIZING METROPCS TO PROVIDE CELL PHONE RECORDS

THIS COURT ORDER IS ISSUED PURSUANT TO FLORIDA STATUTE S. 92.605. A RESPONSE IS DUE WITHIN 20 BUSINESS DAYS OF RECEIPT OF THIS SUBPOENA UNLESS A LONGER TIME PERIOD IS STATED HEREIN.

Comes now Detective Ronald Faircloth of the Broward County Sheriff's Office and applies to this Court for an order Authorizing METROPCS to provide Historical Cell Tower Records, Call Record Details, and Owner Information for phone numbers (954) 627-4464, (954) 226-8235, and (954) 861-9329 from January 27, 2010 through January 28, 2010 on the following grounds:

Your Affiant has been a sworn law enforcement officer for five years and is currently assigned to the Lauderdale Lakes Criminal Investigations Unit. During your Affiant's assignment to his respective unit, your Affiant has been involved in a Burglary Residence investigation in violation of F.S. 810.02.

The Broward County Sheriff's Office has an ongoing criminal investigation that may involve suspects utilizing Cellular Telephone Technology. It is hereby stated that the information likely to be obtained is relevant to an ongoing investigation of suspects, currently unknown by the Broward Sheriff's Office for an armed burglary. The following sets out specific and articuable facts describing why the records are relevant and material to an ongoing police investigation.

On January 27, 2010 an unknown individual unlawfully entered the residence of Herschell Williams and stole a Samsung 50" television, a Wii, a Sony PlayStation 3, and some jewelry. While investigating a residential burglary in the same area, the victim informed me that she believed that the Stickney family may have been involved. I followed up on this lead and found that Fredrick Stickney had pawned numerous pieces of jewelry, a Wii, and a PlayStation 3 at People's Pawn, located at 3260 N Sr 7, Lauderdale Lakes. Herschell stated that he would be able to identify his gaming consoles because his dog had chewed up the cords for them. Upon responding to People's Pawn, I observed what appeared to

be numerous bite marks on the cables that were with the game consoles. Upon Herschell's arrival he positively identified the gaming consoles as his based on these marks.

Fredrick had been taken into custody for an armed carjacking in the area of these burglaries, and I therefore responded to the Broward County Jail to speak with him regarding the burglaries. Post-Miranda Fredrick advised me that he knew the items were stolen because a guy by the name of Jamal told him that he stole the items from my two victims. Fredrick advised me that he and Jamal were roommates at an apartment a few doors down from the victim in the other case so they were familiar with the people in the area. He also told me that Jamal had asked him if he wanted to buy the items, but he stated he did not play video games and therefore had no need for these items. Fredrick stated to me that he then made numerous phone calls to individuals to see if anyone wanted to purchase the items, but he was unsuccessful in selling them. It was at that time that Jamal asked him to pawn the items for him at which time he did. I asked Fredrick for his cell phone number at that time, but he refused to provide it to me. Fredrick also advised me that he had not been living in the area at the time of the incidents, but that he only came to visit Jamal.

Upon speaking with Fredrick's brother, Gregory Stickney, he provided me with Fredrick's cell phone number of (954) 627-4464. He also stated that Fredrick hangs out with an individual by the name of Mike Holmes who has a phone number of (305) 986-6606. Upon speaking with the pawn clerk, he advised that two individuals came into the store to pawn the Wii and the PlayStation 3. He advised that both individuals looked very similar. It should be noted that Mike looks similar to Gregory and Fredrick. Gregory also provided me with a phone number for Jamal, that number being (954) 226-8235, but he advised that he knows Jamal and Jamal had moved away from that area a month or so prior to the burglaries and that him and Fredrick are not friends and they do not talk.

It is believed that the requested information will assist in identifying the suspect responsible for this incident. The burglary occurred within a 30 minute time frame and it is believed that these phone records will assist in showing which of the suspects was present at the time of the burglary.

It is requested that this Court order METROPCS to provide the following records to the Broward Sheriff's Office:

Below requested information pertains to the following phone numbers: (954) 627-4464, (954) 226-

8235, and (954) 861-9329.

- **Historical Cell Tower Records from January 27, 2010 through January 28, 2010.**
- **Call Record Details, including incoming and outgoing calls from January 27, 2010 through January 28, 2010.**
- **Owner Information to include name, date of birth, social security number, address, account number, any and all phone numbers on the same account, and email address associated with that account from January 27, 2010 through January 28, 2010. Also include the above listed owner information for any other METROPCS phone numbers that were contacted by the above listed phone numbers from January 27, 2010 through January 28, 2010.**
- **All METROPCS cell site locations for Dade, Broward, and Palm Beach Counties in the State of Florida, to include LAC, CID, latitude, longitude, and the directional orientation of each tower and tower sector from January 27, 2010 through January 28, 2010.**

It is your Affiants belief that obtaining these records will assist in either locating possible suspect(s), witnesses or verifying witness statements.
