Section 1 – INTRODUCTION

1A. Terms

CM/ECF: the federal judiciary's electronic case filing system known as Case Management/Electronic Case Filing (see our [website](#)).

Conventional manner: the method used to file documents that cannot or should not be filed electronically via CM/ECF and must be filed by other means (e.g., in person or by U.S. mail). Conventionally filed documents are hard copies containing an original, handwritten (wet) signature of the filing attorney or pro se party.

Document: shall include pleadings, motions, exhibits, declarations, affidavits, memoranda, papers, orders, notices, and any other Court filing.

Electronic filing: uploading a document directly from a CM/ECF User's computer into CM/ECF, thereby filing the document in the Court's electronic case file. (Sending a document to the Court via e-mail or on diskette does not constitute "electronic filing.")

E-mail address of record: the internet e-mail address of each authorized CM/ECF User or party otherwise authorized to electronically receive Notices of Electronic Filing (e.g., attorneys admitted pro hac vice).

Judge: a United States District Judge or Magistrate Judge for the Southern District of Florida.

Notice of Electronic Filing: a notice generated automatically by CM/ECF upon completion of an electronic filing. The Notice of Electronic Filing, when transmitted to an e-mail address of record in a case, constitutes proof of service.

PACER ("Public Access to Court Electronic Records"): an electronic public access service that allows users to obtain case and docket information. Additional information is available at <https://www.pacer.gov/> ~~http://pacer.psc.uscourts.gov~~.

PDF ("Portable Document Format"): a PDF document allows anyone to open a converted document across a broad range of hardware and software, with layout, format, links, and images intact. PDF is the only document format acceptable for electronic filing in CM/ECF. For information on PDF, CM/ECF Users may wish to visit the websites of PDF vendors.

Procedures: the instant Administrative Procedures for Electronically Filing Documents.

User(s): anyone (including attorneys, the Court, and the Clerk of the Court) who is authorized to use the CM/ECF system in the Southern District of Florida.

1B. The Electronic Record & The Authorization for Electronic Filing

In 1996, the Southern District of Florida began to convert its paper Court files into an electronic format, while continuing to maintain the paper file as the official record. Though the file was

converted to an electronic format once received by the Clerk's Office, the filing itself was still accomplished in the conventional manner, creating parallel paper and electronic records. By 2002, technology had advanced to the point that [Administrative Order 2002-36](#) authorized attorneys in this District to use an optional electronic filing system developed by local staff; however, both electronic and paper records continued to be maintained for all cases.

In 2004, [Administrative Order 2004-39](#) sought to alleviate the fiscal and administrative burdens of maintaining the largely duplicative paper and electronic records created up to that time by establishing that the electronic record would become the official Court record as of October 28, 2004. The Order designated as part of the official record all documents transmitted to the Court in electronic format, as well as documents filed in paper form, then scanned and converted to an electronic image by the Clerk's Office. With the exception of various categories of documents specified, it was ordered that the Clerk's Office cease maintaining as part of the paper case file any document filed after October 27, 2004.

The evolutionary process has continued, and, in conjunction with Federal Rule of Civil Procedure 5(d)(3) and Federal Rule of Criminal Procedure 57, the electronic filing system known as CM/ECF has been designated for use nationwide by the United States Courts.

Section 2 - FILER CATEGORIES AND ELIGIBILITY TO FILE ELECTRONICALLY

2A. Attorneys Admitted to Practice in the Southern District of Florida

Electronic filing is mandatory for all attorneys admitted to practice in the Southern District of Florida.

2B. Attorneys Appearing Pro Hac Vice

An attorney who has been permitted to appear pro hac vice will **not** be permitted to register as a User in this District, but may access the electronic record through the PACER System (see [Section 7B](#)). All documents, including the motion to appear pro hac vice, must be filed electronically through their local counsel (who must be associated with the case pursuant to Local Rule 4(b) of the Rules Governing the Admission, ~~and~~ Practice, [Peer Review, and Discipline](#) of Attorneys).

Although attorneys admitted pro hac vice will not be permitted to **file** electronically, they will be able to electronically **receive** Notices of Electronic Filing. Such requests should be included in motions to appear pro hac vice and in the accompanying proposed order. E-mail addresses must be provided in both the motion and proposed order in order to receive electronic notices.

2C. Pro Se Litigants

Pro se litigants will not be permitted to register as Users at this time ~~and~~ ~~Pro se litigants~~ must file their documents in the conventional manner ~~unless otherwise allowed by court order or by local rule~~. Pro se litigants may access the electronic record at the public counter in the Clerk's Office in all divisions or through PACER. Pro se litigants will be served and noticed by U.S. mail or in person (or, if agreed, by ~~facsimile or~~ e-mail), unless there is consent to receive notices electronically as indicated below.

Pro se litigants (non-prisoner) interested in receiving notices electronically must file the form “Consent by Pro Se Litigants (Non-Prisoner) to Receive Notice of Electronic Filing” which can be found on the Court’s website (<http://www.flsd.uscourts.gov/forms/consent-pro-se-litigant-non-prisoner-receive-nefs>). After filing the consent, pro se litigants will receive case orders, notices and other documents filed via email. Paper copies of filings will no longer be sent by the Court or opposing counsel in that particular case. **Note:** Pro se litigants who consent to receiving notices electronically are responsible for maintaining a current email address with the Court (See Section 3D).

Section 3 - USER INFORMATION AND RESPONSIBILITIES

3A. General Requirements

All documents shall be filed electronically in CM/ECF except as otherwise provided by these Procedures. E-mailing a document to the Clerk’s Office or to a Judge shall **not** constitute “filing” the document. A document shall not be considered “filed” for purposes of the Federal Rules of Civil Procedure until the filing party receives a Notice of Electronic Filing (see [Section 3J](#)~~Section 3J~~[Section 3K](#)).

Documents filed electronically must meet the requirements of Federal Rule of Civil Procedure 10 (Form of Pleadings) and Local Rule 5.1 (Filing and Copies), as if they had been submitted on paper. Each Judge will instruct litigants if it is necessary to provide paper copies for the Judge. Documents filed electronically are also subject to any page limitation set forth by Court order or by Local Rule 7.1(c)(2).

3B. Registration

Attorneys admitted to practice in the Southern District of Florida (see the [Southern District of Florida’s Special Rules Governing the Admission, and Practice, Peer Review, and Discipline of Attorneys within the Local Rules](#)) must register to use CM/ECF. Eligible attorneys must register electronically on the Court’s website at <http://www.flsd.uscourts.gov/cmecf-attorney-registration-district-court><http://www.flsd.uscourts.gov/?page-id=21>. User logins and passwords will be issued upon registration and completion of training. Registration is free of charge.

A PACER login is required **in addition to** the CM/ECF password and login. To register for PACER, a User must complete the form available on the PACER website at <https://www.pacer.gov/http://pacer.psc.uscourts.gov>.

3C. Login and Password

Each User will be issued one login and password. When a User files a document electronically using his/her login and password, that document shall be considered signed by the attorney to whom the login and password were issued for purposes of the Local Rules and Federal Rules of Civil Procedure and Federal Rules of Criminal Procedure, including Rule 11 of the Federal Rules of Civil Procedure. After registering, Users may change their passwords.

Users shall be responsible for all documents filed with their passwords, whether by Users or any other person.

No User shall permit his/her password to be used by anyone other than an authorized employee

of the User's office. If, at any time, a User believes that his/her password has been compromised, the User must immediately change the password and contact the [Help Desk](#). In such case, the User should also generate a CM/ECF report to identify unauthorized documents that may have been filed under the User's password and to notify the Court of the existence of such documents.

3D. Changes of Address and Contact Information

Users shall maintain current contact information (Local Rule 11.1(g) and [Administrative Order 2005-38](#)). Upon the change of a User's e-mail address, mailing address, ~~or~~ telephone ~~or fax~~ number, the User shall complete the following whenever such a change occurs:

- Electronically file a Notice of Change of Address in all the User's pending cases;
- Update the User's email address in CM/ECF Maintain User Account; and
- Update the User's mailing address ~~and~~, telephone ~~and fax~~ numbers in CM/ECF Maintain User Account. If the system does not allow the User to update the mailing address, the Attorney Admissions Clerk will update the information upon the filing of a Notice of Change of Address in all the User's pending cases.
- Electronically file a Notice of Removal in all cases in which the attorney is no longer the attorney of record.

Also, parties appearing pro se and counsel appearing pro hac vice must file, in each pending case, a notice of change of mailing address or contact information whenever such a change occurs ([Administrative Order 2005-38](#)). If court notices sent via the U.S. mail are returned as undeliverable TWICE in a case, notices will no longer be sent to that party until a current mailing address is provided.

3E. Government Attorneys

Upon request and pursuant to Local Rule 4(d), CM/ECF logins/passwords are issued to attorneys employed by government agencies. Upon transfer to different government agencies, Users must notify the Attorney Admissions Clerk and update their U.S. mail and email addresses in order for their logins/passwords to remain valid. Users who leave government agencies and do not transfer to other government agencies must notify the Attorney Admissions Clerk so that their logins/passwords may be deactivated. See the Court's website (<http://www.flsd.uscourts.gov/government-attorneys>~~http://www.flsd.uscourts.gov/?page_id=582~~) for additional information regarding Government Attorneys and notifying the Attorney Admissions Clerk.

Users associated with government agencies who leave government practice must already be or become members of the Bar of the Southern District of Florida in order to register for CM/ECF logins/passwords. [Click here for information on becoming a member of the Southern District of Florida Bar.](#)

Government agencies must also notify the Attorney Admissions Clerk when Users leave their agencies. A notice of substitution of counsel must be filed in order for a government agency to receive future CM/ECF notices regarding case activity associated with a User who is no longer with their agency.

3F. Changes of Name

Requests for name changes must be made in writing and forwarded to the Attorney Admissions Clerk. In order for the Clerk's Office to process a name change request, the request must be accompanied by a copy of a name change order from the Supreme Court of Florida. In the absence of such an order, a name change request will not be processed and a User must continue to file under the name listed on the roll of attorneys of the Bar of the Southern District of Florida. Further, if the name change order is not submitted, Attorney Admissions may be unable to verify that a User is listed on the roll of attorneys.

3G. Technical Specifications

(1) Hardware/Software Generally Required for Electronic Filing

- A computer running a Windows or Macintosh operating system;
- Word processing software, such as WordPerfect or Microsoft Word, that can convert documents to PDF without the need for scanning;
- PDF reader software, such as Adobe, which may be obtained free of charge from the Adobe website or the Court's website. Users may find it useful to purchase PDF writer software which has additional features for creating, editing, and saving PDF documents. Various companies market PDF writer software and the cost and features vary. Note: PDF documents must be printable and must not contain water marks or advertising which may be generated as a result of the use of free or trial run PDF conversion software;
- Access to a JavaScript enabled browser; Internet Explorer and Firefox browsers have been tested with CM/ECF (for specific versions that are supported, see our [CM/ECF FAQ](#));
- High speed internet access is strongly recommended over dial-up internet service. High-speed service will reduce the amount of time necessary to make entries into CM/ECF and download lengthy documents;
- A scanner is necessary to convert paper documents to text-searchable PDF format. Users should make certain their scanners are configured for 300 dpi and 300 pixels per inch. The color setting should be configured for black and white rather than color scanning; however, if the document being filed contains color images (e.g. JPEG, GIF, PNG), the color setting may be configured for color scanning. The page size must be set at 8 ½ x 11 inches. The scanner must be set to convert scanned documents to text-searchable PDF format.

(2) Electronic Mailbox

It is the responsibility of the User to maintain an electronic mailbox of sufficient capacity to receive all documents transmitted electronically to counsel.

(3) Size Limitation for Any Electronically-Filed Document

CM/ECF will inform Users if they are attempting to file a document larger than 50 megabytes (50 MB). Any document over this size will be rejected by the system due to its inability to upload/download properly; thus, the document must be saved and transmitted in segments or attachments not exceeding 50 megabytes. Please contact the [Help Desk](#) if further instruction is needed.

(4) Hyperlinks

Pursuant to the policy set forth in Rule 13 of the Model Local Rules for Electronic Case Filing, endorsed by the Judicial Conference in October 2005, a hyperlink contained in a filing is no more than a convenient mechanism for accessing material cited in a document. A hyperlink reference is extraneous to any filed document and is not part of the Court's record. In order to preserve the integrity of the Court record, Users wishing to insert hyperlinks in Court filings shall continue to use the conventional citation method for the cited authority, in addition to the hyperlink.

(5) Text Searchable Requirement

~~Effective January 1, 2012,~~ court filings made via the CM/ECF system must be in a text searchable format. Filings are text searchable if they are converted to PDF format directly from a word processing program (Microsoft Word, WordPerfect, etc) using Adobe Acrobat or similar software. If documents in paper format are scanned into PDF format, the scanning software must have Optical Character Recognition (OCR) functionality and the option must be turned on (OCR functionality is sometimes referred to as text layering).

3H. Filing Information

(1) Date Electronic Document is Filed

A document will be deemed "filed" on a particular date if uploaded to CM/ECF prior to midnight on that date as evidenced by receipt of the Notice of Electronic Filing, unless otherwise ordered by a Judge.

(2) Abolishment of the Nightbox Policy

With the implementation of CM/ECF the Court's nightbox policy, as provided for in [Administrative Order 2003-10](#), will be abolished. Electronic documents will be considered "filed" as stated above in 3H(1). Documents filed in the conventional manner will be considered "filed" on the date they are physically received by the Court.

(3) Court CM/ECF System Hours and Help Desk Information

CM/ECF is designed to provide system access 24 hours a day; however, parties are encouraged to file documents in advance of filing deadlines and during normal business hours. Users may access the CM/ECF Help Desk either by telephone, 1-888-318-2260, or in person. The Help Desk will respond to questions regarding the electronic filing system and registration process. Please refer to the [Help Desk](#) website for further information.

(4) Technical Failure of the Court's CM/ECF System

If CM/ECF is unable to accept electronic filings for a continuous period of approximately one hour during regular business hours, a notice of the system outage/technical failure will be posted on the CM/ECF website and/or on the Court's website (<http://www.flsd.uscourts.gov/cmecf-system-notices>~~www.flsd.uscourts.gov~~). Should circumstances prevent posting of an outage notification on either of the Court's website, the notification will be placed on the CM/ECF Help Desk telephone line.

The outage notice will inform Users of the expected duration of the outage and will provide alternative filing instructions if the outage is of such a nature to cause alternative filing to be necessary. Generally, alternative filing instructions will advise Users to file in the conventional manner on the same day. Should Users be instructed to file in the conventional manner, the conventional filing **must** be accompanied by [Form A](#) (attached hereto). In the event

that conventional filing is required, such filings may be delivered to any courthouse in the District, ~~with the exception of emergency matters. Emergency motions and hearings must be filed conventionally in the division where the Judge is chambered (see Section 5F).~~

In the unlikely event that a technical failure occurs after regular business hours on the day a User's filing is due or a filing is otherwise made untimely as a result of a CM/ECF technical failure, Users may have to seek relief from the Court. Users are cautioned that in some circumstances, the Court lacks the authority to grant an extension of time to file (see e.g., Rule 6(b)(2) of the Federal Rules of Civil Procedure); thus, Users are strongly encouraged to file documents in advance of filing deadlines and during regular business hours.

(5) Failure of User's System

Problems with a **User's** hardware, software, or Internet Service Provider will not constitute a technical failure under these Procedures. If a User experiences a technical problem that prevents electronic filing from the User's regular workplace, the User should try to file electronically from other computers in the vicinity that have internet access.

(6) Availability of CM/ECF Workstations and Scanners at Courthouses **[DELETED]**

(7) Filings May Not Be Submitted on CD, DVD, ~~Cassette, or VHS Tape~~ or Thumb Drive

Filings submitted on CD, DVD, ~~cassette or VHS tape~~ thumb drive (or other multi-media format) will not be accepted for filing, unless they were previously submitted as evidence or unless filed pursuant to Court order.

(8) Documents Written in Foreign Languages Must Be Accompanied With Translation

3K. Service of Documents and Notices of Electronic Filing

(1) Determining Whether Another Party is a User or Otherwise Authorized to Receive Notices of Electronic Filing

When a document is filed electronically, CM/ECF will generate a Notice of Electronic Filing to: the filing party; any party who is a User; parties otherwise authorized to receive Notices of Electronic Filing (e.g., pro hac vice attorneys); and, the assigned Judge. To determine whether another party is a User or otherwise authorized to receive Notices of Electronic Filing, the filer should: select "Utilities" from the CM/ECF menu; click on "Mailings"; click on "Mailing Information for a Case"; and, enter the case number. The notification information will appear stating whether the filer must mail a copy to the party or if CM/ECF will issue a Notice of Electronic Filing.

(2) Notices of Electronic Filing and "One Free Look"

If the recipient is a User or otherwise authorized to electronically receive Notices of Electronic Filing (e.g., a pro hac vice attorney), CM/ECF will produce a Notice of Electronic Filing for that party. The Notice of Electronic Filing will contain a hyperlink to the document in PACER. **Under the conditions set forth in the paragraph below**, recipients of Notices of Electronic Filing will be allowed one "free look" at the document and may view, print, or download it. After the one "free look," normal PACER usage fees apply. The hyperlink to access the document will expire after the earlier of these two events: the first use or 15 days. **(CAUTION: double clicking the hyperlink instead of single clicking it will use up the one "free look.")**

Only Users who are listed as **active attorneys** on a particular case, will receive Notices of Electronic Filing (at both their primary and secondary e-mail addresses) that contain hyperlinks allowing them one free look at documents filed in that case. Users who have tagged cases on which they are **not** listed as **active attorneys** but for which they, nevertheless, wish to receive Notices of Electronic Filing, will also receive Notices of Electronic Filing (at both their primary and secondary e-mail addresses) that contain hyperlinks allowing them to view documents filed in the cases tagged. **CAUTION:** Users who are **not** listed as **active attorneys** on cases

for which they have chosen to receive Notices of Electronic Filing will **automatically incur PACER charges by clicking on the hyperlink**. Regular PACER usage fees will apply.

(3) Service and Notice of Electronic Filing for Parties Who Are Not Authorized to Electronically Receive Notices of Electronic Filing

A party who is not a User or is not otherwise authorized to electronically receive Notices of Electronic Filing is entitled to a paper copy of any electronically-filed document. It is the responsibility of the filing party to provide the party with the electronically-filed document according to the Federal Rules of Civil Procedure. When mailing paper copies of documents that have been electronically filed, the filing party must include the Notice of Electronic Filing to provide the recipient with proof of the filing.

Service of a Notice of Electronic Filing on a party who is not a User or otherwise authorized to electronically receive Notices of Electronic Filing may be accomplished by e-mail, subject to the additional service requirements of Federal Rules of Civil Procedure ~~5(b)(6)(d)~~ and Federal Rules of Criminal Procedure 49~~(a)(d)~~.

Parties served by non-electronic means may be entitled to additional time to respond. See Federal Rules of Civil Procedure 6(d), Federal Rules of Criminal Procedure 45(c), and Local Rule 7.1(c)(1)~~(A)~~. Parties are advised that deadlines to respond automatically calculated in CM/ECF do NOT account for and may not be accurate when service is by mail. Parties may NOT rely on response times calculated in CM/ECF, which are only a general guide, and must calculate response deadlines themselves.

(4) Certificates of Service

~~No certificate of service is required when a party files a document electronically unless the document is served other than through CM/ECF. A certificate of service on all parties entitled to service or notice is still required when a party files a document electronically. The certificate must state the manner in which service or notice was accomplished on each party. A model form (Form B) is attached hereto. Attorneys should be aware that response and reply deadlines which appear in docket text or deadline queries are for Court use only.~~

(5) Notices of Electronic Filing Are Not Sent to Terminated Attorneys

A User who is terminated as an attorney on a case in the Southern District of Florida will not receive notices regarding future case activity; however, Users will continue to receive NEFs after cases are closed as long as they have not been terminated as attorneys on the closed cases. This affects notices to Users who receive notices electronically and to attorneys who receive notices through the U.S. mail. Users who want to continue receiving electronic notices in a case after they have been terminated must take the following steps:

- Access the Court's CM/ECF website at <http://ecf.flsd.uscourts.gov>;
- Under "Utilities", select "Maintain Your Account";
- Select "Email Information";
- Click on the primary e-mail address hyperlink, in the left pane;
- In the right pane, type in the case number in the "Add additional cases for noticing" field;
- Press the [Find This Case] button;
- Once the case number has been located, press the [Add Case(s)] button;
- Select the [Return to Person Information Screen] button;

- Press [Submit].

Users who no longer want to continue receiving electronic notices in cases where the parties they represent have been terminated, must take the following steps:

- Contact the CM/ECF Help Desk at 1-888-318-2260;
- Provide the name of the party represented and the date they were terminated from the case;
- Request termination of electronic noticing in that case.
- Attorneys may also track the status of cases through PACER.

3L. Docket Entries

(1) Making a Docket Entry

A user may view the selection of a docket event category categories by: accessing the Court's website at <http://www.flsd.uscourts.gov/information-cmecf-users>; clicking on the "CM/ECF tab"; selecting "User Information"; and then selecting "Civil Event List" or "Criminal Event List." website link; and then clicking on "CM/ECF Civil and Criminal Menus for Attorneys."

(2) Describing an Attachment to a Docket Entry

A party filing an attachment to a document shall select one of the prescribed attachment categories from the drop-down menu (e.g., affidavit, transcript), provide an alphabetical or numerical designation (e.g., Exhibit A, Exhibit 1), and descriptively name each attachment (e.g., Exhibit 1 - Affidavit of Boo Radley) in a manner that enables the Court to easily locate and distinguish attachments. The following is illustrative:

Attachments	Category	Description
1. \rktop\Exhibit 1 - Affidavit of Boo Radley.pdf	Affidavit	Exhibit 1 - Affidavit of Boo Radley

(3) Correcting a Docket Entry

CM/ECF will not permit the filing party to make changes to a document or docket entry once the transaction has been accepted. A document filed incorrectly may be the result of posting the wrong PDF file to a docket entry, selecting the wrong document type from the menu, or

entering the wrong case number and not catching the error before the transaction is completed.

If a User makes an error during the filing process, the User should contact the CM/ECF Help Desk, 1-888-318-2260, as soon as possible with the case number and document number for which the correction is being requested. If appropriate, the Clerk's Office will make an entry indicating the document was filed in error. The filing party will be advised if the document needs to be re-filed. If an error is discovered by the Clerk's Office during the quality control process, the Clerk's Office will docket a "Notice of Instructions to Filer" informing the filer of the error and the manner in which to proceed. The Clerk's Office will not strike or delete attorney entries, unless directed to do so by the Court.

3M. Retention of Original Documents by Users

Original documents that require scanning in order to be filed electronically must be retained by the filing party or attorney for a period of one year after final resolution of the action, including final disposition of all appeals.

Section 9 - ELECTRONIC FILING OF SEALED AND EX PARTE DOCUMENTS IN CIVIL MATTERS

9A. Electronic Filing of Motions to Seal and Proposed Orders

Effective December 1, 2015, attorneys authorized to file electronically in the CM/ECF system must file sealed documents electronically in civil cases otherwise open to the public and civil ex parte matters. Attorneys must upload motions to seal and the proposed order via CM/ECF using the "Motion to Seal" (public) event. Notices of Electronic Filing will be sent to CM/ECF users. Attorneys must continue to provide service to pro se parties and other non-ECF users.

~~The proposed sealed material shall not be filed unless the Court grants the motion to file under seal. ~~Attorneys requesting to file a motion to seal such that the motion itself will be "under seal" must file the request as a motion to seal and the proposed motion to seal (which will itself be sealed) must be filed as a proposed sealed document as instructed below.~~ In instances where the entire civil case is sealed, the initial complaint or other initiating document as well as subsequent sealed filings must continue to be filed conventionally (See Section 5).

[earmarked for sealed civil filings.](#)

Attorneys also must electronically file any subsequent sealed filings required by Court order and motions to unseal using the “Sealed Motion or Sealed Document” events in CM/ECF. When uploading sealed documents, attorneys must indicate the authority under which the documents are being filed under seal ~~(e.g., Local Rule 5.4(b), sealed per previously entered protective order, or other Court order)~~, and the date and docket entry number of any applicable order.

Attorneys will not have access to their sealed filings via PACER.
